OUR FOUNDER

HOL Foundation didn't begin with a perfect plan.
It began with one question: Why should potential depend on postcode?

Lyari is rich in talent and resilience. What it needs is access. This year, we focused on building real pathways—classrooms, digital skills, sports, and opportunities for youth and mothers—not just programs, but direction.

What matters most isn't only what we achieved, but how. We listened, adapted, and stayed consistent. Education today goes beyond books; it's about confidence, communication, and dignity—preparing young people to shape the world, not just survive it.

At HOL Foundation, our belief is simple:
"Hamara kaam tab khatam hoga jab har bacha ke haath mein qalam hoga."
HOL Foundation runs on community, trust, and purpose. Our students are not beneficiaries—they are leaders in the making. Our supporters choose impact over optics. Our team proves that purpose creates progress.
Badal raha hai Lyari.
And we're just getting started.

— Hunain
Founder, HOL Foundation

OUR VISION:

Hamara Kam Tab Khatum hoga Jab
Har Bacha Ka Hath Main Kalam Hoga

ہمارا کام تب ختم ہوگا
جب ہر بچے کے ہاتھ میں قلم ہوگا

OUR MISION:

Our mission is to create lasting change by empowering communities through education, skills development, and essential support — turning struggle into strength and potential into opportunity.

OUR VALUES:

S: Strength
T: Tenacity
R: Respect
I: Integrity
V: Vision
E: Empathy

Through our values of STRIVE, we aim to empower individuals and communities, driving positive transformation and creating a better future for all.

OUR PARTNERS:

BACKGROUND

Lyari, one of Karachi's oldest and most dynamic communities, has a rich cultural heritage but faces significant socio-economic challenges. Historically known for its vibrant traditions, Lyari has been impacted by urban backwardness, poverty, and unrest.

The community speaks variations of Balochi and Sindhi, with most families traditionally associated with the fishing industry as fishermen, sailors, and small boat operators. Others earn their livelihood through donkey carts, which are used for transporting goods. Donkey cart racing is a popular sport in Lyari, drawing immense local participation.

Music plays a pivotal role in Lyari's culture, blending faith and entertainment, especially through rhythmic drum beats. Despite the resilience of its people, the lack of access to education—especially for girls—hinders the potential of this vibrant community.

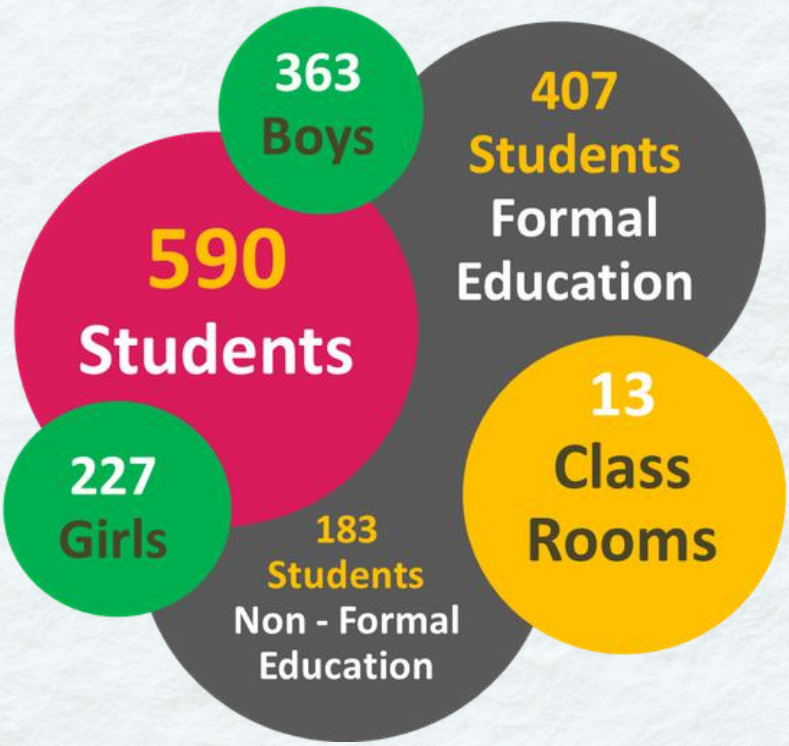

MAKING A LASTING IMPACT TO CREATE SUSTAINABLE CHANGE

Alhamdulillah: A Journey of Impact, Embracing 16 SDG Goals to Illuminate Lives and Shape a Sustainable Future.

GOVERNMENT ADOPTED SCHOOL - KARA BHAI KARIM JEE

In 2023, we adopted a once-abandoned Government School and transformed it into a safe, vibrant learning campus for children. Today, the school provides free education along with IT, English, and life skills training, creating strong foundations for both academic and personal growth. Our campus encourages sports, arts, and extracurricular activities so children can build confidence, discover their talents, and grow in a nurturing environment. We follow a mother-and-child school model, where a mother's involvement is an important part of the learning journey, strengthening the support system around every child.

HOL PRESCHOOL - KIRAN SATELLITE MODEL

Fully Supported by Kiran Foundation

The story is deeply rooted in inspiration, mentorship, and a dream to bring transformation to Lyari. For 8 years, Areeba Hunain (Co-Founder HOL Foundation) worked closely with Maa Sabina Khatri, the visionary founder of Kiran Foundation, and was lovingly nurtured under her wings. During this time, Areeba experienced firsthand how compassion, resilience, and holistic education could change not just children, but entire families and communities.

Carrying forward this light, Areeba replicated the Kiran School Model in a government school—GBSS Kara Bhai Karim Jee in Lyari. Today, this program extended to 150 students which are being nurtured under the Kiran School System. All 150 students are proudly supported by Kiran Foundation.

SCHOOL PREPARATORY PROGRAM:

Since **2014**, our HOL School Preparatory Program has been transforming the lives of out-of-school children in Lyari, especially those from the fisherman community who missed their early years of schooling due to financial hardships.

Through **interactive teaching, life-skills activities, and holistic development**, we provide students with the confidence and curiosity they need to thrive. Our mission is not just to prepare children academically, but to empower them socially and emotionally so they are ready for mainstream schools and beyond.

LYARI ENTREPRENEUR ACADEMY

Lyari Entrepreneur Academy, founded in 2022, is transformative endeavor. We aim to access to quality education and entrepreneurship opportunities, creating a brighter future for the youth of Lyari and beyond. Our mission is to empower aspiring entrepreneurs, including single mothers and youth, with the knowledge and skills needed to thrive in business with seed money to start their business. We embrace inclusivity, unleash creativity, and drive positive change in the community.

Additionally, we offer free IT classes covering Basic IT, Web Development, Digital Marketing, Cisco courses, and Video Editing. These classes are open to all members of the community, providing essential digital skills to anyone eager to learn and grow.

BAHRIA UNIVERSITY

The faculty and students of Bahria University spent a meaningful and heart-warming days with our friends, staff, and mothers, marking Mental Health Week with care, connection, and celebration.

They brought warmth and smiles through Jashan-e-Mamta, honoring all mothers and making them feel valued, respected, and special for the strength they carry every day. The joy on their faces said it all — it was a celebration of love, resilience, and gratitude.

Alongside this, the team also conducted career counselling sessions, guiding our youth with clarity, encouragement, and direction for their futures. These sessions opened minds, built confidence, and helped students see new possibilities ahead.

It was more than a visit — days of empathy, empowerment, and unforgettable memories.

PAKURAAN

HOL Foundation partnered with Pak Uraan to host 50+ students from IBA and other reputable universities at HOL KB Campus for a structured social internship program.

The university students led an engaging Summer Camp focused on learning enrichment, mentorship, and confidence-building for children and youth in Lyari.

This initiative builds a strong bridge between academia and underserved communities — nurturing leadership and empathy among future professionals while expanding exposure, opportunities, and aspirations for our learners. Together, we are reshaping Lyari's narrative through education, collaboration, and shared purpose.

NURAH - INCLUSIVE ARTISIANS MARKETPLACE

Nurah is more than a doll — she is a symbol of inclusion, empathy, and possibility. The Nurah Project by HOL Foundation, in partnership with the Inclusive Artisans Marketplace, empowers resilient artisans with disabilities while nurturing compassionate values in children.

Through storybooks, interactive storytelling sessions, and handcrafted Nurah dolls, Bags the project brings meaningful conversations about kindness, diversity, and acceptance into streets, schools and communities. Children learn to celebrate differences, while artisans gain dignified livelihood opportunities.

Nurah beautifully brings together creativity, inclusion, and impact — proving that stories can change hearts and futures.

GRAND IFTAR

HOL Foundation hosted Grand Community Iftar every year, bringing together families, mothers, children, staff, and community members in a spirit of unity and gratitude. The gathering created a space where people from different backgrounds sat side by side, sharing a meal and meaningful conversations.

More than an event, the Iftar reflected our values of inclusion, compassion, and togetherness. It strengthened community bonds, nurtured a sense of belonging, and reminded us that collective moments of reflection and sharing are at the heart of a resilient and connected Lyari.

ORPHANS PROGRAM

HOL Foundation's Orphans Support Program focuses on bringing joy, dignity, and a sense of belonging to children who need it most. We have 40 orphans studying at Kara Bhai Karim Jee, Beyond educational support, we create meaningful life experiences by taking them on shopping visits, recreational trips, and shared lunches.

Recently, our Board Member Ms. Faiza Naeem, along with Dr. Farhan Essa, generously hosted the children for a memorable cruise experience, giving them a day filled with happiness, excitement, and new memories.

These moments help children feel valued, confident, and included, while supporting their emotional well-being. The program ensures that every child experiences care, celebration, and the simple joys of childhood within a loving and supportive community.
